

Bruce Springsteen discography

American rock musician Bruce Springsteen has released 21 studio albums, 23 live albums, 77 singles, and 66 music videos. Widely referred as "*The Boss*" by the media,^{[1][2]} Springsteen has sold over 150 million records worldwide, listing him among the best-selling music artists in history.^[3] *Billboard* ranked him as the 24th Greatest Artist of all time.^[4] According to Recording Industry Association of America, he has sold 65.5 million albums in the United States, making him the 7th best-selling male soloist of all time.^[5] *Born in the U.S.A.* remains the best-selling album of his career, selling more than 30 million copies around the world.^[6]

Springsteen has released records steadily since 1973, and is widely known for his brand of heartland rock infused with pop hooks, poetic lyrics, and American culture sentiments centered on his native New Jersey. The E Street Band has been Springsteen's primary backing band since 1972 and has appeared on a majority of his studio albums and live releases. Springsteen also released one studio and live album with the Sessions Band.

Springsteen's recordings have tended to alternate between commercially accessible rock albums and somber folk-oriented works. His most commercially successful period occurred between 1975's *Born to Run* and 1987's *Tunnel of Love*. 1984's *Born in the U.S.A.* launched Springsteen into superstardom and the album went on to become one of the biggest selling albums of all time. It produced seven top-10 hit singles, tied for the most ever with Michael Jackson's *Thriller* and Janet Jackson's *Rhythm Nation 1814*. Springsteen has steadily maintained a loyal audience since his 80s success and experienced a renewed commercial strength since 2002's *The Rising*, the first in a string of consecutive successful albums following a 1999 reunion with the E Street Band with whom he parted ways in 1989. 2014's *High Hopes* was Springsteen's eleventh No. 1 album placing him at third all-time for most No. 1 albums ever trailing only Jay-Z (13) and the Beatles (19).^[7] He achieved his eleventh No. 1 album in the UK with his next release, 2019's *Western Stars*, which saw him join Elvis Presley, David Bowie and Robbie Williams on eleven UK No. 1s, trailing only Madonna (12) and the Beatles (15). In October 2019, Springsteen released a theatrical film for *Western Stars* which marked his directorial debut. The film was accompanied by the *Western Stars – Songs from the Film* soundtrack. Springsteen's twenty-first and latest album, *Only the Strong Survive*, was released in 2022.
